DEV SAMAJ COLLEGE OF EDUCATION, SECTOR 36-B, CHANDIGARH

Dev Samaj College of Education, 36-B, Chandigarh is a privately managed aided college by the U.T. Administration, affiliated to Panjab University, Chandigarh. The college owes its origin to the foresight and sagacity of its founder Patron Most Revered Bhagwan Dev Atma Ji, for promoting women education. The college is managed by Dev Samaj Council under the dynamic leadership of Sh. Nirmal Singh Ji, the chairman and secretary, Dev Samaj Council. The college takes pride in the past, embraces the power of the present and delivers the promise of the future ever since its inception in 1981, having completed 37 years of meritorious service to the country and to the union territory of Chandigarh in particular, in the field of teacher education for women. It aims to produce future teachers with integrated personalities, who can prove as an asset in the national reconstruction.

The college takes pride in the past, embraces the power of the present and delivers the promise of the future. It breathes the spirit of selfless service, devotion and patriotism. This institution aims to produce future teachers with integrated personalities, who can prove as an asset in the national reconstruction. It is the first college in the northern India to get recognition by National Council for Teacher Education namely NCTE and the National Assessment and Accreditation Council, Bangalore (NAAC) has given it the four star status for its excellence in academics and professional pursuits. Again it is a matter of great pride that the college has been re-accredited (third cycle) with grade 'A' by NAAC. The college offers three programmes. B.Ed. (100 seats), M.Ed. (50 seats) and Post Graduate Diploma in Guidance and Counseling (PDG&C- 40 seats).

THE NSS UNITS

The college has been associated with the social service moments since its inception (1981). The college has two units of NSS comprising of 100 students volunteers each. All B.Ed and M.Ed students are NSS volunteers. In its true sense education is that which links us with the society and through which we can understand our obligations towards our society. NSS has been made a means for social upliftment. For the session 2017-18 the NSS Units of the college has adopted village Buterla of Chandigarh as its adopted village.

The institutional goal is to provide holistic education to prospective teachers and to achieve this goal the objectives of the institution envisage values oriented education, develop critical capacities, enhance skills and competencies, preserve socio-cultural heritage, bring peace and harmony in four kingdoms and to acquaint student teachers with the impact of globalization on education. In addition to the existing courses prescribed by the Panjab University, Value Education forms a vital part of curriculum to make students aware of the teachers' responsibility in improving the moral fabric of the society.

To inculcate the feeling of social responsibility, various clubs have been formed which the student joins according to her own interest. The main purpose of these clubs is to make student teachers aware regarding social conditions and ways to blend them with the main stream. The outdoor clubs are Institute for the Blind, Sector 26, Chandigarh, Old Age Home, Sector-15, Chandigarh, Government Rehabilitation Institute for Intellectual Disabilities, Sector-31, and Blood Bank GMCH, Sector- 32, Chandigarh.

The institution has also adopted social service clubs that include HamariKaksha, Sai Mandir sector-29, Govt. Nursery School, Sector 7-A, Chandigarh and Govt. Middle School, Sector 4, Mansa Devi Complex, Panchkula. The college initiated a novel and experimental scheme, 'School on the move' on 11th November 2009, to mark the National Education Day on the Birth Anniversary of an eminent educationist Maulana Abul Kalam Azad. 'School On The Move' is the first of its kind, which is built in a bus that is equipped fully just like a classroom with attractive and colorful

teaching aids and a blackboard. The aim of this project is to take school to the underprivileged sections of the society. The enrolled members comprise of different age groups .School on the Move project in the adopted village- Buterla. **HONESTY CORNER:** The Honesty Corner was inaugurated in the campus to sole aim of education is to enable the students to make this world a better place to live in. It is the endeavor of the Integrity/ Honesty Corner to ignite the spark of integrity and let its fragrance spread in the whole world, as integrity is the basis of social harmony and action and it fills the objectives: To stand up for what you believe is right, Live by your highest values and Being honest with others and yourself.**The e-Waste Bin:**The NSS units of the college in collaboration with environment club of the college established e-Waste Bin in the college campus. The e-waste bin were provided by the Department of Environment, U.T. Administration Chandigarh to the Govt. Schools of Chandigarh free of cost. As a part of environment consciousness, the college takes lots of initiatives. The college NSS units promotes green awareness in the campus as well as in the surrounding society through staff and students. Initiatives taken by the college to make the campus eco-friendly include energy conservation, use of solar energy, hazardous waste management and e-waste management. Herbal garden is established in the college campus and e-waste bin in the college campus.

The college has also become as the first college to start The Wall of Kindness outside the college campus with an aim to spread the feeling of concern and of sharing and caring for the under privilege section of the society . The college staff, students and even out siders donate the stuff (clothes ,bag, shoes, and other house hold items even). The needy take the things from the 'Wall of Kindness' with full dignity and respect.

Dev Samaj College of education thus, is an educational institution, which stands for quality and humanity without compromises. It is an institution of high repute having carved a name for itself with achievements of unrivalled standards. But the college in the quest of excellence is striving hard to accomplish new heights through

expansion of its activities and by enhancing its growth. The institution does not intend to rest on its achievements and laurels but constantly work with great zeal and enthusiasm to achieve more in pursuit of excellence.

NSS Regular and Special Camp Activities (2017-18)

Motivational Talk on Physical & Sports Activity for Healthy Life by Legendary Sh.Kapil Dev (Cricketer) on 05.04.2017

The NSS units of Dev Samaj College of Education, Sector 36-B, Chandigarh organized an interactive cum motivational talk on Physical & Sports Activity for Healthy Life by legendary Padma Shri, Sh.Kapil Dev (Cricketer). The former Indian cricket and recipient of Padma Bhushan and Arjuna Award for Cricket as well as declared the best cricketer of the century by BCCI.

In the present time there is lot of competition and where the success leads to satisfaction, failure leads to stress. The youth is not able to enjoy a balanced life. He is more and more into studies and lack in physical activities and sports participation. This leads to bad status of health either i.e. physical, mental, social, emotional or spiritual health. Shri Kapil Dev motivated the students to take initiatives to adopt physical exercise into their daily life by giving examples of importance of exercise in individual life. On one hand it was an opportunity to the volunteers to interact with such a great personality on other hand to have a inspiration and motivation to adopt physical exercise and sports for healthy living.

An Attempt for Guinness World Record on Diabetes Awareness during 3rd international day of yoga.

The unique feature of the day was the attempt for the 'Guinness World Record Attempt on Diabetes Awareness on 3rd international yoga day.' Dr. Neeru Malik was co-organizer for the above said purpose along with Prof. Akshay Anand (Scientist PGI) and his team. The lecture on diabetes awareness was given by Prof. Sanjay Badada (Department. of Endocrinology, PGIMER Chandigarh). He, in a layman language elaborated the types, causes and symptoms of diabetes. He informed the gathering that this one of the fastest growing disease in the present time and India is growing as capital of diabetes because the cases of diabetes are increasing day by day on a very fast pace. You need to constantly monitor your diet and ensure that your blood sugar level is well under control. He said that living a diabetic life is a challenge. What one eats plays a crucial role. He also described the ways to reduce the risk of diabetes like one should check his risk of diabetes, manage weight because excess body fat, particularly if stored around the abdomen, can increase the body's resistance to the hormone insulin. He also suggested to exercise regularly. Moderate physical activity on most days of the week helps manage weight that improve blood pressure and cholesterol. We should eat a balanced and healthy diet, limit takeaway and processed foods, limit alcohol intake, quit smoking etc. To maintain diabetes he suggested that we should eat a variety high-quality proteins, starches, fruits and vegetables. Eat fewer salty and high-sodium foods. Eat less fat. Bake, broil, roast and grill meat, seafood, poultry, instead of frying. Say no to four white poisons i.e. sugar, salt, refined oil, refined flour (maida). The report of the attempt for Guinness World record was sent. The feedback performas on yoga protocol as well as on diabetes lecture were collected.

एक कदम स्वच्छता की ओर

स्वच्छता शपथ

महात्मा गांधी ने जिस भारत का सपना देखा था उसमें सिर्फ राजनैतिक आजादी ही नहीं थी, बल्कि एक स्वच्छ एवं विकसित देश की कल्पना भी थी।

महात्मा गांधी ने गुलामी की जंजीरों को तोड़कर माँ भारती को आजाद कराया।

अब हमारा कर्तव्य है कि गंदगी को दूर करके भारत माता की सेवा करें। मैं शपथ लेता हूँ कि मैं स्वयं स्वच्छता के प्रति सजग रहूँगा और उसके लिए समय दूँगा।

हर वर्ष 100 घंटे यानी हर सप्ताह 2 घंटे श्रमदान करके स्वच्छता के इस संकल्प को चरितार्थ करूँगा।

मैं न गंदगी करूँगा न किसी और को करने दूँगा।

सबसे पहले मैं स्वयं से, मेरे परिवार से, मेरे मुहल्ले से, मेरे गांव से एवं मेरे कार्यस्थल से शुरूआत करूँगा।

मैं यह मानता हूँ कि दुनिया के जो भी देश स्वच्छ दिखते हैं उसका कारण यह है कि वहाँ के नागरिक गंदगी नहीं करते और न ही होने देते हैं। इस विचार के साथ मैं गांव-गांव और गली-गली स्वच्छ भारत मिशन का प्रचार करूँगा।

मैं आज जो शपथ ले रहा हूँ, वह अन्य 100 व्यक्तियों से भी करवाऊँगा। वे भी मेरी तरह स्वच्छता के लिए 100 घंटे दें, इसके लिए प्रयास करूँगा।

मुझे मालूम है कि स्वच्छता की तरफ बढ़ाया गया मेरा एक कदम पूरे भारत देश को स्वच्छ बनाने में मदद करेगा।

Swachhta Pledge

Mahatma Gandhi dreamt of an India which was not only free but also clean and developed.

Mahatma Gandhi secured freedom for Mother India.

Now it is our duty to serve Mother India by keeping the country neat and clean.

I take this pledge that I will remain committed towards cleanliness and devote time for this.

I will devote 100 hours per year that is two hours per week to voluntary work for cleanliness.

I will neither litter nor let others litter.

I will initiate the quest for cleanliness with myself, my family, my locality, my village and my work place.

I believe that the countries of the world that appear clean are so because their citizens don't indulge in littering nor do they allow it to happen.

With this firm belief, I will propagate the message of Swachh Bharat Mission in villages and towns.

I will encourage 100 other persons to take this pledge which I am taking today.

I will endeavour to make them devote their 100 hours for cleanliness.

I am confident that every step I take towards cleanliness will help making my country clean.

The same were assessed and students were amazed, shocked and surprised to see the results of the questioners filled by them. MsMedhavi in her lectures explained that psychology is the scientific study of behavior and mental processes and values are the principles or standards of behavior; one's judgment of what is important in life. "Goals can be achieved, values cannot be achieved." it is a smart idea to align your goals with your values, so that the things you are trying to achieve are things that you intrinsically find important and allow you to experience meaning. She also highlighted the relationship between knowledge and wisdom and said that knowledge is really about facts and ideas that we acquire through study, research, investigation. Wisdom is the ability to discern and judge which aspects of the knowledge are true, right, lasting and abdicable to your life. Good value education develops positive attitude among students and it reflects from their positive behavior in the society as they perceive the situation in a positive manner and they don't just react but they respond to the situation which is accompanied by wisdom. This nurtures a balanced state of mind and controls the unwanted dual. The tips for positive behavior and value education she gave some references to the students by giving names of the books, e.links etc.

12th Global Youth Peace Fest GYPF 2017 (27 September to 2 October 2017)

Dev Samaj College of Education, Sector 36-B, Chandigarh-160036

NSS Units of Dev Samaj College of Education in collaboration with **Yuvsatta (an NGO)** is working in a variety of areas to steer the young people towards implementing Gandhian ideals of Constructive Programme based on voluntary effort and individual and community action. Yuvsatta's work to promote the spirit of volunteering amongst the generation next, to bridge the barriers of race, colour, religion, nationalities plus fill in the gender and economic divides by empowering the young people is more timely than ever. Each day the headlines demonstrate the human cost of this divide. Each day the hatred and distrust grow. Now is the moment to leverage this opportunity, to address this ever-more-dangerous global divide. In so many ways our world is shrinking. And there are ever-increasing opportunities to connect with people on the other side of the globe, but generally these opportunities are squandered. To create a more just world by empowering young change makers from around the globe, Yuvsatta organizes the famous annual Global Youth Peace Fest- GYPF, in which a combination of cross cultural learning workshops, volunteer service and youth activism is aligned with the work of grassroots NGOs, policy makers, and other stakeholders. Dr. Richa Sharma and Mrs. Charanjit Kaur along with students of Peace Club participated in the Annual Global Youth Peace Fest- GYPF, 2018. Lecture on Environment and Responsibilities (05-10-2017)

Dr. Amit Sobti, Associate Professor from department of UICET, Panjab University Chandigarh delivered the lecture on Environment and Responsibility. Before the start his lecture He asked the students to reply very common questions like: what is environment? What do you understand by responsibilities?, How the environment gets polluted? What we can do to save our environment. After getting the answers from the students he explains that he is here not only to present his lecture but also to interact and to learn from the students as they actually live in present time. He explained we are well familiar with the environment, it is everything which surrounds us naturally and affects our daily lives on the earth. Everything comes under an environment, the air which we breathe every moment, the water which we use for our daily routine, plants, animals and other living things, etc around us. An environment is called healthy environment when natural cycle goes side by side without any disturbance. Any type of disturbance in the nature's balance affects the environment totally which ruins the human lives. In his pursuit of development, Man, in his search out for comfort and luxury, has explored and destroyed the equilibrium of the nature and ecosystem. All the living beings in the earth are living in harmony with nature. But only man, who is believed to be the protector of the earth, is doing the extreme opposite. Better late than never, now we need to change, at least a little by not doing any more harm to the nature. Human existence is purely based on the environment.

So development should have some border line so as to protect the nature from being over-exploited. We have to perform our responsibilities to protect the nature and natural resources. He motivated the students and encouraged them by saying "today you have a big role to play in the society". Students are held in high esteem by the society. A lot of good things are expected from the students.

There are some little things illustrated below which we can do without any expense whatsoever. Save electricity, Save water, Dispose the garbage properly, Don't print if not required, also use both sides of the Paper, Don't waste food, Don't cook extra food and throw, Avoid wasting fuel.

Don't wait for others to do. Let us do our part to protect the environment and ourselves. Students are the youthful population of the society. Their energy and enthusiasm is a great asset to the society. This youthful energy if channeled properly can bring positive changes in the society specially among students from junior to universities. Small student cannot take much active participation in various social causes but they can and should be made aware of it. As students we have a lot of leisure time in our hands. We can be an example to the society by leading the charge

in raising and spreading awareness about these practices, which is harming our environment. We can use our time fruitfully by involving ourselves in saving environment activity by taking part in it.

“We should show and lead by example. Others will follow it now or later.”

Mahotsav :Values are caught, not taught

MORNING SESSIONNSS

NSS volunteers on Day three in the morning session attended the sabha during ongoing mahotsav celebration on the Birth Anniversary on Bhagwan Dev Atma from 2 DEC to 5 DEC. 2017. The theme of the sabha was Values are caught not taught. Various lecture on moral values were delivered by the experts and presentation of bhajans and views were presented by the teachers and students. We all are familiar with the aim of education that is to inculcate moral, intellectual and physical well being in the citizens. The Importance of learning, in enabling the individual to put his potentials to optimal use, is self-evident. Educational institutions can play a significant role in the promotion of values. Increase in Juvenile delinquency is a crisis to youth who under goes the process of personal growth. In such situation value education assumes a special significance. Value Education awakens curiosity, development of proper interests, attitudes, values and capacity to think and judge about oneself. Value Education helps in Promoting Social and Natural Integration. In the Vedic period, In Ashram education, the Guru insists his sishya to follow certain values throughout his life. Socialist, Secular, Democratic, Justice, Liberty Equality, Fraternity, Dignity of the individuals and integrity of the nation are the ideal conditions in the Constitution. Our values in life must draw their inspiration from these ideals. Keeping in view, lectures on different topics like moral values, a person's duty towards self, society and nature were organized to nurture the young minds. No individual is a human being in the working world until he has been educated in the proper sense. As we all know that music has always been a part of our education. It can foster bonds between people and communicate values and identity. It is considered as a source of culture and civilization. The students presented various bhajans under the guidance of Ms. Rajbir Kaur, Assistant professor, teaching of music. A lot of research has evidenced

the important functions of music listening in personal (cognition and emotion), social (relationships and personal values) and cultural (cultural values and transmission of culture) aspects. Youth Welfare through Sports Activities and Participation (session 2017-2018)

As well said by Plato , the great philosopher “Mens Sana in Corpore Sano” in latin phrase which means “Sound Mind in a Sound Body”. Body is a temple of soul and to keep this body fit one has to work on their physical development to work more efficiently and effectively . To achieve the same the collage regularly holds classes on sports participation and yoga. Participation in sports and yoga activities not only develop your physical strength it also improves the Neuro-Muscular coordination, Psychological health, emotional well being and Social health and social skills and above all playing under rules and regulations teaches them ethics and be ready for punishments and penalties in case of intentional misconduct. This also helps them to adjust well and the competencies for life skills are also simultaneously gets developed. By participating in team games, for example ,where you have to work as one unit ,the social skills like understanding, scarifies, leadership qualities, decision making power, problem solving ability, group coordination etc. gets development

and the same life skills development help them to adjust well in the society and work for the social welfare. The students of the college who are also NSS volunteers regularly participate in the sports activities for physical strength and muscular coordination. “OLYMPISM: GLOBAL INNOVATION FORUM FOR HUMANITY AND SUSTAINABLE DEVELOPMENT FROM ANCIENT OLYMPIA TO INDIA, TOKYO 2020 AND BEYOND” (BRIDGES BETWEEN EDUCATION, CULTURE, SPORTS AND SOCIETY) INTERNATIONAL CONFERENCE ON 16.02.18-17.02.18

Ministry of Youth Welfare and sports of India encourage the balance between the academics and curricular activities for the overall personality development of the individual and the experiences through exposures students get by participating in the above activities develop life skills and lead to better sustainability.

By its nature, arts and sports encourage participation and bring people together. It contributes to the health and well being of children and youth; is enjoyable and transmits values such as fairness, tolerance, respect and discipline. When utilized in a pedagogically correct manner, arts and sports enhance self-esteem and self-confidence and promotes responsible behavior. They acquire life skills that help them deal with challenging situations and improve their long term prospects. As one of the most developed aspects of civil society, sports is an engaging and effective tool for social mobilization and important vehicle for participation: brings people and communities together, bridging national, ethnic, social and religious divides. As a tool in the development of cooperation, sport can serve as an impetus for social transformation and change on both the individual and the social level.

Promoting cultural understanding, education has always been part of the core mission of the Olympic Movement. The Olympic Games are not just another sporting event, they are a global forum for cultural interaction that educates and inspired competitors as well as spectators. The games show us the world as it could be, using the universal language of sport to break down the barriers that divide us and to teach us about one another.

The International Conference on 'Olympism for Humanity and Sustainable India, ancient Olympia, Tokyo 2020 & Beyond' (Bridges between Education, Culture, Sports and society) will make a major contribution to that cause. The conference will bring together voices and minds from various disciplines sports. Education, Art, Peace and Culture, which will facilitate administrators and policy makers to discuss the ways how sports can act as a constructive vehicle in education and cultural importance of collaboration that will allow the sharing of best practices among many organizations throughout the world that are already working to educate children through sports. It is the collective understanding that will lead governments and other funding organizations to recognize that investment in education and young people, is an investment in national and community development. Its defining feature will be the active engagement of young people in all parts of the dialogue. There is a natural affinity between youth and sports, which can be used to open dialogue and to foster inter-cultural understanding as well as socio-economic development. Recent events have reminded us of the utmost importance of listening to and engaging with young people, which is a natural platform for assisting young people to develop life skills and participate in the community projects.

SCHOOL ON THE MOVE

On 11th November 2009, to mark the National Education Day on the Birth Anniversary of an eminent educationist Maulana Abul Kalam Azad, a novel and experimental scheme of taking school to the underprivileged sections of the society "School on the Move" was introduced by NSS units of the college. Motivated by Azad's selfless working attitude, Principal of the college took this grand initiative in the Union Territory of Chandigarh by opening a mobile school named "School On The Move" first of its kind, which is built in a bus that is equipped fully just like a classroom with attractive and colourful teaching aids and a blackboard. School on the Move was inaugurated by Sh. Prem Singh, Sarpanch, of the village Buterla. In his address to the gathering, he appreciated the novel idea of the college that would benefit the underprivileged sections of the society. Referring to Mobile school as rare and lifetime opportunity, he requested the villagers to avail the opportunity. The residents of Buterla village who took keen interest in enrolling themselves were provided with free books, note books and stationery. The enrolled members comprised of different age groups. The purpose of the Mobile School is not just to teach the underprivileged children basic reading and writing skills, but also to help them learn that they deserved a better life. They would be given time to develop self-esteem and slowly prepare themselves to lead a better and improved life. Enthusiastic gathering of more than hundred residents of Buterla village appreciated and thanked the efforts taken by the college and for selecting Buterla as a first village for the purpose.

Objective of the Practice

To serve the needs of underprivileged children in rural areas

Need Addressed and the Context.

Dev Samaj College of Education is located in the heart of Union Territory of Chandigarh, surrounded by a number of small villages. It may not always be possible to bring children to the school, so, a novel and experimental scheme of taking the school to the children has been introduced by the college in Buterla village. It is to take education to doorstep to children who either can't go to school or have dropped out because of various reasons. It also serves the needs elderly people especially women. It is a mobile school built into a bus that is equipped fully as a classroom with attractive and colourful teaching aids and a blackboard. The goal isn't just to teach them basic reading and writing skills, but also to help them learn that they deserve a better life. They're given time to develop self-esteem and slowly prepare themselves for life off the streets, or if that isn't possible, at least make their life on the streets more humane.

The Practice

The first school of its kind in the region, the "School on the Move", goes to a village named Buterla in the vicinity of Chandigarh, the first village to start with. After completing three years in village Buterla now the 'School on the Move' goes to village DaduMajra as it is the adopted village of the college under NSS. The student teachers of the college go to teach the underprivileged children as well as women of the village. They are provided with free books, transcription note books and stationery for practice. They are taught not only the three r's but also other life skills like Henna applying, paper bag making, candle making, rangoli etc. that help them in earning an extra income for the family. More than 50 students come daily and they are being taught according to their requirements as some are interested in learning how to write their names so that they could do their signatures instead of thumb impression others are interested in helping their children in their homework so they are more keen in reading English text books especially their wards class texts. The group also includes children those who are already going to school but need extra help. The overwhelming response of the villagers motivates the college to adopt more villages for the purpose and to open more mobile schools in the area. Awareness and sensitization programmes on Aids, leprosy, environment, energy conservation, safe blood donation, immunisation and vaccination etc. are also included through theme based movies, lectures by experts and by distributing informative brochures.

CHILDREN'S LIBRARY/ KIDS ZONE

The newly renovated Children's Library adjoining the main library of the college is a vibrant space for our young visitors. The Children's Library is open to all community children, mainly for the children of teaching and non teaching staff and underprivileged sections of the society. Everyone is welcome to browse the collection or look for a book. It is a good storehouse of children books, educational games and some activity books.

The children's room has a large & diverse collection, including:

- Books
- Audio books
- Music CDs
- DVDs

Every Saturday, Story Telling session is being conducted in the children section, where a good number of children come and attend the session. They look forward to attend the session.

HONESTY CORNER

HONESTY CORNER established on 4th March 2017.

The Honesty Corner was inaugurated in the campus to sole aim of education is to enable the students to make this world a better place to live in. It is the endeavor of the Integrity/ Honesty Corner to ignite the spark of integrity and let its fragrance spread in the whole world, as integrity is the basis of social harmony and action and it fills the objectives: To stand up for what you believe is right, Live by your highest values and Being honest with others and yourself.

This corner is a collection of utility items of daily use that students take on their own and leave the money in the cash box. Students also leave their belongings of odd sizes and weight ' in this corner by writing their name on it. All lost and found things are also kept in the 'lost property box' where the students get their lost things easily. The honesty corner has display of items available and the rate list. The students take the material of their need and they make their honest payment into the box kept with written as "The Honest Payment Box". The incharge for the honesty corner Dr.Seema Sareen, Ms.Manjit Kaur and Dr.Neeru Malik purchase and fillup the material to the honesty corner. Check, recheck method has been maintained by the NSS volunteers collectively to check the material required and payment collected at the honest corner time to time to the honest corner incharge.
