**ACTIVITY: A WORKSHOP ON “BECOMING RELEVANT AND EFFECTIVE THROUGH SELF AWARENESS**

**Date:** 14.02.17

**Partnering Institution:** Rayat Bahra University, Chandigarh

Prof. Raj Singh, Vice Chancellor, Rayat Bahra University, Chandigarh conducted a workshop on “Becoming Relevant and Effective through Self Awareness”. He explicated the importance of being educated, not just qualified. His interactive workshop included variety of activities such as Role Playing, Dramatization and conducted a Psychometric test of teachers, which concluded with an Ego Analysis test and Ego gram for all the participants that helped them to know the kind of Ego states they possess. Dr. Raj Singh conducted Psychometric Test on the audience following which interpretation was discussed in detail by using answer keys and bar graph. He further enacted a role-play to differentiate different behaviors of an individual in a particular situation.

He concluded by giving the explanation of the bar graph. Nurturing parents should be higher than critical parent. Natural Child should be bigger and fabricated child should be the least. And Adult should be highest. This test helped the teachers to know their strengths and weaknesses and will be very helpful and educative for improving self- awareness and also possibly know where we stand at different ego states. It gave participants a track to further their thinking. And helped each one to know answer for how much predictable and unpredictable to others as well as to one self are we. It was indeed an eye opener for many teachers to evaluate themselves and make necessary improvements.

**This is to certify that**

Dr. Neeru Malik, Assistant Professor from India is currently serving as a resource person and mentor for our Olympism for Humanity ventures in India and across the region. Additionally, Dr. Malik was invited to give lectures and workshops to our students at the University of Tsukuba and our Tsukuba International Academy of Sport Studies at the University of Tsukuba, Japan, an academic legacy program of the upcoming 2020 Olympic and Paralympics Games in Tokyo.

Dr. Malik has delivered one lecture on "Olympism for Humanity: Peace building and Sustainable Societies" and conducted a workshop on "Yoga and Meditation" on 4<sup>th</sup> April 2018. The duration was of one hour and thirty minutes each. Her interaction and impact on our students, who are recruited across five continents, was influential and had significant impact on understanding the potential impact of Yoga, Physical Literacy and Indian heritage for holistic growth and development.

I have known Dr. Malik for five years and have found her to be the most outstanding passionate and committed teacher, researcher scholar I have met. Dr. Malik's background transcends traditional Sport and Physical Education teaching by giving emphasis on the social, societal and educational functions of Sport and Olympism. Dr. Neeru Malik has an extensive background from the field and her teaching, service and research blend scientific inquiry and strong theoretical foundations that are applied in the practice. Over the last five years, I've collaborated with Neeru on various Olympism, Sport and Physical Education and especially Health projects and I can attest her outstanding work ethic, intellectual capacity and perseverance to produce high quality mentoring, guidance and scholarship. Through this letter I would also like to confirm that Dr. Neeru Malik, a inspiration and contribution was instrumental in creating the Great International conference on Olympism for Humanity, Peace building and Sustainable Societies, which under her leadership, was a great success with exceptional and promising impact through future programming.

To supplement her research and leadership in this emerging field, Dr. Malik is an outstanding, gifted teacher and strong mentor. She has an outstanding ability to connect with her students and translate complex theoretical frameworks into practical linkages to be applied in the field, and to inspire them to become fully leaders of the 21<sup>st</sup> Century.

Without any doubt, I'm confident that Dr. Neeru Malik will continue making meaningful and impactful contribution in the field. ## Report of Faculty Exchange to the Institution (2017-18)

**ACTIVITY:** Eye Donation Awareness

**Date :** 5th sept 2017

**Partnering Institution:** Post Graduate Institute of Medical Education and Research, Chandigarh

As a regular National feature the National Eye Donation fortnight is observed every year from 25<sup>th</sup> August to 8<sup>th</sup> September. This year in order to promote the eye donation process as well as to put forth the significant message to the people for being the special part of eye donation and pledging for giving normal life to the deceased persons. Dev Samaj College of Education NSS Units organized eye donation awareness talk. For this purpose a team of doctors and technical staff from Advance Eye Centre, PGIMER, Chandigarh visited the college on a talk as well as workshop. The team was headed by Mr.Amarjit Singh, founded member eye bank PGI and Dr.Parul Goyal Senior Resident of PGI. Dr.Parul Goyal started her talk through elaborating the importance of vision in individual life and how if there is by birth or accidental or medical reasons the eye sight gets affected or stop functioning how this gives stigma to the deceased and to the family. Eye donation comes as of great remedy to give a hope to the person as well as family. Dr.Parul Goyal enlightened the students about the process of eye donation and shared her valuable ideas through presentation. She explained the volunteers about what is eye, its formation, layers of eye lens, functions, damages (partial & complete), treatment and management, process of eye donation, preservation of eye donation, transplantation of lens/eye to the patient. They motivated the NSS volunteers as they are already doing a wonderful job by serving to the society and they should come forward with pledge for becoming an eye donor. They also explained how a significant role can be played by an eye donor for giving sight after their demise to the eye patient and enlightening their life with vision. The team of doctors delivered the awareness talk with the help of power-point presentation. The queries on the eye donation, for becoming an eye donor, myths related to eye donation (a person will be born blind in the next birth) were cleared by the doctors.

The volunteers along with the staff and NSS Programme Officer pledged to volunteer for eye donation. The Chief Guest Dr.Madhu Parshar, Principal Dev Samaj College for Women, Ferozepur motivated the students for this noble cause.

**ACTIVITY: Lecture on Environment and Responsibilities**

**Date:** (05-10-2017)

**Partnering Institution:** University Institute of Chemical Engineering and Technology, Panjab University, Chandigarh

Dr. Amit Sobti, Associate Professor from department of UICET, Panjab University Chandigarh delivered the lecture on Environment and Responsibility. He explained we are well familiar with the environment, it is everything which surrounds us naturally and affects our daily lives on the earth. Everything comes under an environment, the air which we breathe every moment, the water which we use for our daily routine, plants, animals and other living things, etc around us. An environment is called healthy environment when natural cycle goes side by side without any disturbance. Any type of disturbance in the nature's balance affects the environment totally which ruins the human lives. In his pursuit of development, Man, in his search out for comfort and luxury, has explored and destroyed the equilibrium of the nature and ecosystem. All the living beings in the earth are living in harmony with nature. But only man, who is believed to be the protector of the earth, is doing the extreme opposite. Better late than never, now we need to change, at least a little by not doing any more harm to the nature. Human existence is purely based on the environment.

So development should have some border line so as to protect the nature from being over-exploited. We have to perform our responsibilities to protect the nature and natural resources. He motivated the students and encouraged them by saying "today you have a big role to play in the society". Students are held in high esteem by the society. A lot of good things are expected from the students.

## **ACTIVITY: BREAST CANCER AWARENESS TALK**

**Date:** October 28, 2017

**Partnering Institution:** IVY Hospital, Mohali

To make young women aware about the spread of the breast cancer Dev Samaj College of Education 36-B, Chandigarh organized breast cancer awareness talk. Dr.Kiranjit Kaur welcomed the speaker and laid stress on the importance of Breast Cancer Awareness. Dr. Sunaina Bansal, Cancer Specialist and Gynecologist from IVY Hospital, Mohali, delivered her talk which was an eye opener with the data to support her content. She informed as per the research data 25% out of 30% of all cases were Indian citizen. It was an informative and valuable talk for the students of the college. She enlightened the students about the causes of breast cancer like sedentary lifestyle, westernization and unhealthy food habits, poor clothing and the prevention of breast cancer through self analysis, consulting the gynecologist and on time can lead to healthy life among women and the deceased can be diagnosed and cured if exists. She urged the students that the women should open up in discussing the problem doubts and in case they feel any change in the size and shape of their breasts they should immediately consult the gynecologist.

By the end of the lecture, students asked the queries regarding the breast cancer and other health issues. Dr. Sunaina satisfied all the queries. The talk was organized under the supervision of Dr.Neeru Malik, NSS Programme Officer.

" Gender Equality is not a woman's Issue, it is a human issue. It affects us all".

Yes with this very intellectual, social and personal thought , Dr. Kamini Gupta engaged us into our today's topic i.e. " Social Practices Hindering Gender Parity".

The topic itself was a debatic one so everybody tried to convey and share their perspective and experiences which made the session very interesting and intellectual. Few were there who collided with the common view, but ma'am tried her best and hold her optimisticity and convinced those who had some bad experiences or came with rigid conventional attitude through very realistic sound examples.

The session ended with a conclusion that only Teacher or Media can resolve this problem by enlightening the ideal Female ambassador, like PV Sindhu, Geeta Phogat and many more.

After having a short tea break , our charming and joyful mam Dr. Charanjit Kaur entered with her beautiful smile and asked us to share our experiences of Internship II that how we had made our teaching interesting and productive by integrating or indulging Drama and Art in our teaching instructions.

Now the zeal and excitement of showing related videos and pictures can be seen on everyone's face. We all have shared our hardships and success through expressions. Madam also got surprised and amazed with our efforts. The session ended with encouraging suggestions of Dr. Charanjit Kaur.

3<sup>rd</sup> June, 2018 was the third day of the workshop of B.Ed(1<sup>st</sup> year) . It really provided useful as all the sessions were full of information and teaching methodologies by experienced resource persons and th peers.

**1<sup>st</sup> and 2<sup>nd</sup> session** in both the sessions the lecture was delivered by Mrs. DEEPTI AGGARWAL on the topics of 5-E model of lesson planning and preparation of learning resources respectively. The detailed discussion was done in the sessions and demonstration was given by the student teachers in the form of group activities . Each group made its best efforts to demonstrate the role of teacher in 5-E lesson plan. We were also taken to ground floor by the respective madam to the different labs where the working and non working models, teaching learning materials were displayed.

There was the break from 11.30 to 12.00 . Sharp at 12.00 pm the 3<sup>rd</sup> session was taken by Dr. Puneet Koonar. She focused on Paradigm shifts in teacher education . It is really the need of an hour, to have student oriented changes in our education policy. In 4<sup>th</sup> session again the class was conducted by Dr. Puneet Kooner in which the quality concerns in secondary education were discussed . Difference in teaching methods, child rights, infrastructure etc. were discussed.

In the end we would like to thank all the dedicated staff of Dev Samaj College as they made our work shop days great and fruitful. They have made all the efforts to make their class lectures the best.

**Activity : One Day Curriculum Development Workshop**

**Date :** August 16, 2018

**Partnering Institution :** Department of Education, Panjab University Chandigarh

NSS Units of Dev Samaj College of Education Sector 36-B Chandigarh organized one day curriculum development workshop on 'Nai-Talim: Integration of Work Education and Community Engagement Components in the existing B.Ed course' in collaboration with Department of Education, Panjab University Chandigarh on 16th August 2018. The workshop was inaugurated with the welcome speech of Principal Dr. (Mrs.) Agnese Dhillon Mr. Anil Gupta from IIM Ahmedabad, Dr. Latika ji from PU and Mrs. Nandita Singh were the honourable speakers. The Workshop emphasizes on the new innovative ideas to be implemented in today's education. Dr. Latika Sharma Chairperson, Department Of Education emphasized on developing the curriculum of teaching education by aiming learning for , from and throughout the life. Dr. V.P Sharma , Senior Consultant from Mahatma Gandhi Council for Rural Education , Hyderabad stressed on the spread of Nai-Talim concept throughout India and giving practical base to the education system. Professor Nandita Singh focused on the all round development of the budding teachers. Around 80-100 delegates from various educational institutes participated in the workshop. After the break, technical sessions started and the participants were allotted into different groups and different subjects were provided on which they had to discuss. The discussion was based on the ways to link classroom study to society with paper support. The session was divided into different parts where emphasis was given on policy formation, spreading awareness about these schemes. Speakers emphasised about there being a dire need for change in educational policies, methodologies of teaching and assessment. They were of the opinion that the educational policies should follow a bottom up approach rather

than a Top-down approach. Where the problems are dealt with at the grass root level and the policies reflect these deficiencies and work towards their eradication. NIF - National Innovation Foundation has made it's mission to try and bring about a difference in our education policies and methods. NIF has a concept of "Shodha Yatra" where teams are deployed to villages to find out ways of innovative techniques to improve lifestyle and education. Education should not only be placement oriented but should emphasis on overall development . Importance should be paid on obtaining life skills. Our assessment methods should be revisited. The Concept of "Nai Talim" is still in a nascent stage but gaining fast popularity. Giving academic place to ‘ Jugad’ in education was one of the major highlight of the workshop. Valedictory session ended with the distribution of certificates. The principal Dr (Mrs.) Agnses Dhillon appreciated the NSS program officers Dr Neeru Malik and Ms. Rajbir Kaur for making every effort to make this event fruitful.

## Report of Student Exchange from other Institutes (2018-19)

Collaborative Institute : IGNOU, New Delhi
Program: PGDHE
Number of students benefited: 06
Date: 17.5.19-27.5.19

### REPORT OF DAY 1

The day started with the registration of the participants which was followed by the briefing of participants about the programme by the course coordinator Mrs. Charanjit Kaur. To make the participants comfortable with the new environment a warm up session was conducted where the participants introduced themselves to each other to get to know each other better. When they were asked about their expectations from the workshop their response was that they expect to learn some new skills and more insight into the arena of education which they will be able to use in their daily teaching as most of the participants were working as lecturers in colleges.

Then it was time for the formal inaugural session of the workshop with the arrival of Mr. Anil K. Dimri, R.D, Regional centre Panchkula along with Mr. Nurul Hassan, A.R.D. who were welcomed and introduced to the participants by Mrs. Charanjit Kaur.

Mr. Nurul Hassan while addressing the students threw some light on the importance of the course as well as the ECP. He also answered few queries of the participants to which they were quite satisfied.

Mr Dimri also addressed the audience telling them the importance of the course and the rules regarding attendance of ECP which he told should be stringently followed. Finally a vote of thanks was proposed by Mrs. Charanjit Kaur. It was then time for informal interaction over a cup of tea.

The first session of Day 1 was started with the lecture of Dr Richa Sharma on the topic 'Structure of Higher Education'. She told about the structure of higher education in India from ancient to modern times. She discussed the center of higher education in India in the British period before the establishment of three universities in 1857. Different kinds of Universities and colleges were also discussed in India. How these higher educational institutions are controlled and managed by the government or private agencies was discussed. It was indeed a very informative session.

After the Lunch Break Dr. Rohit Bhandari held the third session from 2.00-3.30 pm on the topic 'Pros and cons of lecture method'. In his talk he discussed about the qualities of a good lecture and he emphasized the points which make the lecture effective. He also told the benefits of the lecture method as compared to the other techniques of teaching. He also discussed the demerits of the lecture method. That how sometimes other methods are more effective than the lecture method. At the end of the session he gave the group activity in which each participant had to deliver the lecture and was to be evaluated by rest of the participants.

## DAY 2

DAY 2 started with an energetic and enthusiastic lecture by Dr. Neeru Malik on the topic *FINANCING OF HIGHER EDUCATION :ISSUES AND TRENDS*. The session was started at 10:00 am and lasted till 11:30 am. During the session Dr. Neeru made us understand about the issues faced by the higher institution in terms of procuring finances. She started her lecture with the type of funding agencies like UGC, ICAR, ICMR etc. and then talked about the types of higher institutions like colleges, universities and autonomous bodies. It was discussed that how the central universities get funds from UGC while the state universities are funded by states.

It was also discussed that there is a huge gap between the management of funds like, sometimes Government imposes some of the policies for example. Any activity to be conducted in NSS under the Swatch Bharat Abhiyan but expect the college to generate funds on their own, thus imposing extra financial burden on the college. In some self finance institutions too there is problem with the salaries of teachers. As these institutes are not directly funded by Government but they generate their funds by charging huge amount of fees from the students but still the teachers are not paid well. She concluded her lecture by giving the group activity to discuss the implications of the emerging financial trends on colleges/ universities including autonomous

bodies. From 11.30 to 1.00 pm group activity was performed followed by lunch from 1-2:00 pm.

In the afternoon session the resource person Mrs. Charanjit Kaur discussed about the aims of higher education in which she first defined the term Education and its relevance in present times. She further enlightened students about various levels and domains of learning coming to the point of discussion that which type of education( i.e. Formal, Informal or Nonformal) contribute most in our lives. She further elaborated how *AIMS OF EDUCATION* have changed with changing times starting from ancient and coming to modern times .She gave a vivid picture of aims of education as recommended by different commissions. How aims of education are the prime concern in the whole scene of education. Then at 3.30 pm a group activity on the topic '*Aims of higher education in the context of changing contemporary society*' was assigned to the students. Then all the participants discussed about the activity and prepared the assignment collectively.

DAY 8 SATURDAY, 25<sup>th</sup> May, 2019

The first session of the day started with a very interesting topic of ECP a lecture of Mrs. Charanjit Kaur on the topic '*What is a profession? "Characteristics of teaching as a profession", How is it different from other professions?*' In her lecture she talked about first of all what is teaching. Then she also discussed the features of teaching. She told us that there is different kind of teachers like, friendly, disciplinary, cool, entertainer, experienced and new teacher. She discussed about the merits and demerits of all the kind of teachers and told us that there should be the balance between all the components in a good teacher. At the last of the lecture she told about the code of conduct of teaching profession in which she talked about the obligations of a teacher towards community, profession, parents, students, higher authorities etc. She also discussed the strategies to become a good teacher. The participants found the session very interesting and relevant which was best explained with the help of an appropriate ppt.

Dr. (Mrs.) Agnese Dhillon  
Principal,  
Dev Samaj College of Education  
Sector 36-B, Chandigarh.

In the second session Ms. Shivani Sharma taught the curriculum evaluation. On previous days we had learnt about the curriculum design and its transaction. The last step of the curriculum making is the curriculum evaluation. She told us that why the curriculum evaluation is important before implementing the new curriculum and on what aspects the curriculum is evaluated. The evaluation of the curriculum improves the existing programme, examine the programme and gives overall validation of the programme. We learnt that any curriculum is evaluated on the basis of the goals, objectives, prerequisites, content, process and the outcome of the curriculum.

पशु जगत से हम हैं आए उसको अपना जानेगे, उसके संग संबंध अपना निश्चय हम पहचानेंगे

The festival began with the welcome address by Dr. Anuradha Agnihotri, Assistant Professor and the organizers of the event who welcomed Shriman Nirmal Singh Dhillon, Chairman, Dev Samaj College of Education, Secretary, Dev Samaj, Principal, faculty members and students. The welcome address was followed by a speech from Chairman Sir who also welcomed the resource person and gave his blessings. After the address the music department of the college sang the song

'pashu jagat se hum hain aye' which highlights the amalgamation and interdependence of both the human and animal kingdom.

Sh. Manoj Madan in the webinar

Sh. Manoj Madan through his delicacy of expression pinpointed the urgency of the situation where animals are snatched away from their right to survive and how they are being exploited to satisfy the human greed. Utilitarianism governs the mind-set when it comes to the worth of an animal life. The vibrant and wholesome world of

animals needs to be preserved. He accentuated on the point that it is the responsibility of each one of us to celebrate each life irrespective of its size and stature. Insightful anecdotes were shared among the students to reflect the beauty and wisdom of the animals. Students were made aware of the emotional aspect of the animal kind. Animals are highly empathetic and they have been the true companion of the human in this vast world of existence. Sh. Manoj Madan further manifested the idea of superficial food habits of eating another animal just for the satisfaction of the taste buds. He emphasized on the importance of animal rights and the provisions which must be introduced to safeguard them. He urged the students to realize and accept the significance of the other half which is the animal kingdom. The whole event left an impact and permeated the ideology of acceptance and respect for all the beings around us.

National Girl Child Day in India is celebrated on January 24 every year. The day was an initiative of the Ministry of Women and Child Development in 2008. The objective behind celebrating the National Girl Child Day is to provide support and opportunities to the girls in India. On account of this day, NSS Unit of Dev Samaj College Of Education organized an interactive session on Adolescent and Menstrual Hygiene by Dr Gurpreet Kaur, Medical Officer [Rashtriya Bal Swasthya Karyakram (RBSK) & Rashtriya Kishori Swasthya Karyakram (RKSK)] on 23 rd January 2021. The session was quite informative. The guest spoke at length about the problems regarding the adolescent phase. Besides this, she also focused on the need to maintain menstrual hygiene. The various myths regarding the same were also addressed. 92 Students actively participated in the session. They even asked questions related to menstrual hygiene. The guest addressed the questions patiently and gave solutions to the various problems incurred by the students. Clearly the session was resourceful and was able to leave an imprint on all the attendees. **Link for the event** <https://meet.google.com/vhi-svyw-bgq?hs=122&authuser=3>

Research Project, HOD Psychology, Oxford International College , London) were the main panelist of the discussion panel. The meeting was formally co-ordinated by Mrs. Charanjit Kaur , the Programme Officer.

The webinar began with a brief Welcome adress for the Discussion Panelists, Principal, Faculty Members and the Students. Then **Mrs. Kanwaldeep Kaur** began the session with a beautiful poetry in Punjabi, highlighting the discrimination faced by married women. She explained how Discrimination disregards human rights and hampers the development of the advancing country.

The people of poor and under-developed countries worldwide are of them or edanger of confronting discrimination depending on race, religion, sex and ethnicity. **Mr. Darshan Singh Koonar** was of the opinion that Discrimination of any structure disturbs thefeasible development of the society just as thecountry.

**Dr. Namrita Jouhal** mentioned many causes of gender discrimination. The first one was Illiteracy. When people do not educate themselves, they continue to live in the old times. Thus, they follow the old-age sexist traditions and norms. Education can bring about a change in this mindset because educated people will less likely partake in gender discrimination. Further, poverty is also another reason which is interlinked in a way. It is the root cause in India because the economic dependence remains on the male counterparts mostly. Thus, women suffer a lot from it because of the same reason. They never get out of this and stay financially dependent on men.

Furthermore, the patriarchal setup in our society plays a big role. In this setup, the male dominates always every aspect of life. Thus, they consider themselves to be superior to others. This way, a lot of violence and injustice is meted out against females. Thus, when there is a gender considering themselves to be superior, it becomes difficult for everyone to avail equal opportunities.

Dr. Namrita then discussed the various impacts of Gender Discrimination. It does not just impact a specific section of the society but every part of it . First of all, it impacts children as they fall prey to gender stereotypes from a young age. Further, it impacts young people because it impacts their behaviour, study choices, ambitions, attitudes and more. Thus many girls do not participate in many sports and women experience physical violence more than men.

  
52 Dr. (Mrs.) Agnese Dhillon  
Principal,  
Dev Samaj College of Education  
Sector 36-B, Chandigarh.

Next up, we have gender discrimination affecting adults because there is a gender pay gap between the working class. Men earn more for doing the same work as women. In addition, older women have more risk of becoming homeless than men. It also impacts the aboriginal women because they have it a lot worse. It is more likely to happen that they can die from family violence, 11 times more than men. Even for men, it is not beneficial as it sets difficult standards for men to follow. It draws a line on men being emotional, thus, they can never showcase their emotions truly without being judged. Similarly, men do not take or given parental leave in many places.

Ultimately, all this results in more suicide in men. Thus, it impacts everyone.

**Mrs. Kanwaljeet Kaur** further extended the discussion by giving various evidences faced by women in Indian society. For instance she provided the reports of various government surveys that highlights the inequality or the society. The session concluded with the sharing of personal ideas by the students.

**The NSS Programme officers, Mrs. Charanjit Kaur and Dr. Harpreet Kaur thanked the eminent panelists for devoting their precious time and delivering such an informative session.**

IQAC of Dev Samaj College of Education, Sector-36 B, Chandigarh, organized Webinar Series 2 on “Implementing Sign Language in the Classroom” on 19-05-2021. Mrs. Kavita Sobti and Mrs. Vanita Pant, Vatika School, Sector-19, Chandigarh and were the esteemed resource persons. The webinar began with the welcome address by Dr. Anita Nangia, Assistant Professor and the organizers of the event who welcomed Shriman Nirmal Singh Dhillon, Chairman, Dev Samaj College of Education, Secretary, Dev Samaj, Principal, faculty members and students. The purpose of the webinar was to introduce the practice of implementation of sign language as an integral part of our education system according to new educational practices. The goal of the webinar was to give teachers a basic understanding of auditory impairment and classroom strategies for teaching and learning in inclusive setting.

Mrs. Kavita Sobti through her delicacy of expression pinpointed the qualitative aspects of inclusive education. She then highlighted the use of sign language in today's classrooms. She also discussed about the diversity our classrooms which have become full of diverse learners, including Special Education students with different language backgrounds in the multilingual country like India and students with other disorders such as ADD, ADHD and ODD. The purpose of her lecture was to help the teachers meet the goals of all students with inclusive setting and that the teachers must have a basic understanding of the unique learning needs of all students, including those with auditory impairments. The webinar ventured into

the depth of education related issues. She also discussed the role of Assistive Technology such as Hearing Aids in inclusive education and how the children with disabilities have benefitted from it. Her lecture was followed by Mrs. Vanita Pant. She stated that researches have shown that students learn best when the teachers who educate them first understand the needs. She also discussed that the inclusion of sign language should start at the very beginning of social interaction in schools. Schools are the one of the first platforms of social engagement children experience. At a young age, children can learn sign language very quickly. This will help them speak “without” speaking, which might prove immensely beneficial for children who aren’t very comfortable verbalising what they are going through. Likewise, learning sign language can teach kids to be empathetic and grasp certain emotions better. In the end they interacted with the students and answered their queries. The participants were issued certificates for their enthusiastic engagement. Dr. Seema Sareen, Assistant Professor gave the vote of thanks.

The Principal thanked the eminent resource person for devoting his auspicious time and delivering an informative session congratulated the organizing secretary Dr. Rohit Bhandari, Assistant Professor and the convener and co-convener Dr. Anita Nangia and Dr. Seema Sareen on the success of the webinar.
