Offers

“ENGLISH LANGUAGE CLINIC”

A Ten-Day Value Added Course

(From October 20th to October 30th)

***Course Director
Dr. Anita Nangia***

COURSE OBJECTIVES:

- To provide training to the students in digital Wordsworth Language Laboratory.
- To help the students to improve and develop all the four linguistic skills i.e.

Listening, Speaking, Reading and Writing

ABOUT THE COURSE:

Ten Day Value Added Course namely “*English Language Clinic*” will serve as a place where English language experts will provide a series of lessons to a small group of students to help students to improve and develop their language skills. In the clinic students will be provided a platform to identify and correct their areas of weakness in language learning by undertaking some remedial measures and to help them practice, improve and use the acquired language skills in real life situations by creating an encouraging learning environment. The clinic will offer help in enhancing the pronunciation, listening, speaking and soft skills of the students by participating in one-to-one informal conversations or small group discussions on various topics and can acquire fluency, clarity and accuracy in speaking. Added to that, the students with difficulty in listening skills can improve their listening ability by participating in listening activities especially designed at the language clinic. Thus, spending time at the language clinic can be an excellent way of utilizing students’ free time productivity.

MODE OF TEACHING AND LEARNING

Blended Learning (Online and Offline Platform)

Blended Learning Platform will be used to bring face-to-face and online activities together in a seamless and complimentary way to acquire mastery of all linguistic skills

TARGET GROUP

B.Ed. Students
