Seminar on 'Wednesday for Water and Waste Management Campaign' - 13th December 2023

A seminar titled 'Wednesday for Water and Waste Management Campaign' was hosted by the college. This major purpose of the initiative was to raise awareness about the importance of sustainable water and waste management practices in daily life and to encourage proactive involvement in environmental conservation.

The Chief Guest Sh. T.C. Nautiyal IFS, Director, Department of Environment, CCE, Department of Forest and Wildlife, and experts from Yuvsatta-NGO shared insights on the current challenges and innovative solutions related to water and waste management. Discussions focused on key issues such as water scarcity, recycling, waste reduction, and proper disposal methods. Attendees were educated on how individuals and communities can contribute to sustainable development through practical steps like conserving water, reducing plastic usage, and recycling materials.

Interactive sessions and presentations highlighted the need for collaborative efforts to address these environmental concerns effectively. Participants, including students, faculty, and community members, engaged in discussions and shared their ideas on promoting a cleaner and greener future. The seminar was an important step towards fostering environmental consciousness and encouraging responsible behaviors among all sectors of society.
